

Yahweh Yada

יָדָא יְהוָה

Yada Yahweh

A Conversation With God... Yada' means: "to know in a relational sense." Yahweh is God's personal and proper name. It conveys "I Am" and "I Exist."

Therefore, Yada Yahweh is an invitation "to know Yahweh" and "to understand our existence." A thorough investigation of the evidence pertaining to man's existence and to the knowledge of God leads to an inescapable conclusion: the Scripture Yahuweh inspired remains the world's only rational candidate for divine writ.

Yahuweh is the only rational candidate for God. His are the only credible Scriptures. He and they say that the source of salvation is based upon calling upon and being called by the personal and proper name of Yahuweh through his Son Yahushua the Anointed Mesiyah.
